

GLOBAL PLUS is a cutting edge, new language program which blends the strengths and proven benefits of two previous well established (FCPS / ACE) language programs—FLEX and GLOBAL.

WHY CHOOSE THIS PROGRAM?

- The goal of the GLOBAL PLUS program is to foster a world language advantage by offering high quality language classes to elementary students, and thereby capture the optimal time in a child's life to learn a new language.
- GLOBAL PLUS students will establish a strong foundation in language learning, that will give them an edge as they enter middle school and beyond.
- Teachers will now have access to three different curricula that address the needs of different skill levels: first-time learners to heritage speakers.
- In support of the FCPS Portrait of a Graduate, the GLOBAL PLUS curriculum delivers a stronger focus on communication. This will provide children with skills to establish meaningful connections as they become GLOBAL citizens of a rapidly changing, increasingly diverse and interconnected world.
